

Sebastopol Carbon Conversations

Empowering Local Climate Action

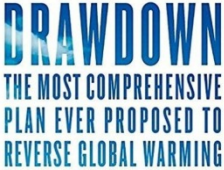

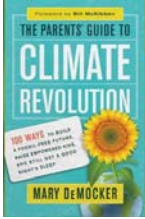

What you and I can do about Climate Change. Finding our role in shaping the future.

Sebastopol Carbon Conversations is a forum hosted by The Rarus Institute and Sebastopol Grange. The series takes a closer look at the many solutions for reversing global warming as presented in Project Drawdown. We'll learn from local organizations that are working on Climate solutions in agriculture, renewable energy, reducing waste, empowering women, transportation, building design, carbon sequestration, and more. Through this exploration, we'll discover where we each can take small to large steps, help shape a better future, and still enjoy the day (smile, get a good night's sleep, dance, sing, play music).

Audience: Community, Teachers, Students, Everyone.

Cost: FREE. Registration is required. See weblink below.

Sponsors: The Rarus Institute, Sebastopol Grange.

Date	Topic
